Senior Class History

WELL, HERE WE ARE, SENIORS, and it hardly seems possible that it was just four years ago that we entered B. U. H. S. as Freshmen. What a hectic year that was! After our initiation by the Sophomores, we weren't sure at all that we liked high school. But the Sophomores made it up to us that Friday with a reception dance in the auditorium.

When we were Sophomores we put to good use all we had learned at the hands of our initiators and really messed up our underclassmen. Of course we won the Frosh-Soph athletic battles on the football field by winning both the sack race and the rope pull.

Also, during our Sophomore year, the Juniors asked us to put on a play for the Carnival. They didn't know what they were getting into when they let us state that play, called "Why Teachers Go Nuts." Quite corny!

At last we were upperclassmen! And we really had a wonderful Junior year. We worked for weeks and weeks on our Junior Carnival. It was well worth all our trouble, and everyone said it was the best carnival ever. Esther Irwin was our queen.

Hardly was our carnival over than we began the Junior-Senior Banquet and Ball. Both the gym, where the banquet was held, and the auditorium, scene of the ball, were decorated with various shades of orange and brown crepe paper, and Indian motifs. We had the Sophomores provide the entertainment and do the serving.

When we returned to school last fall we all realized that this was to be our last year in high school. Already our Freshmen, Sophomore, and Junior years stood behind us. Thankful in the knowledge of the war's end, we looked forward to what was to be a very full term of work and play.

First was the Senior play, "The Professor Proposes," with a Senior party afterward in the Meander Inn for the members of the cast and their friends. Then came the Senior Ball, decorated with snow and a giant snow man and skiis and ice skates.

In January, the class celebrated Ditch Day by skiing at Magee Creek and later skating at June Lake. Also taken along on the trip to help us celebrate were some thirty-odd pounds of sirloin steak, French fried potatoes, French bread, cake, and milk.

One fine spring morning we held Old Clothes Day, and then zoomed off to Whitmore Tubs to spend the rest of the day swimming.

Next to come in fast succession will be the Banquet and Ball given to us by the Juniors, Baccalaureate, the Senior Breakfast, and Commencement; and our Senior year will be past.

We will never forget all the good times we have had at B. U. H. S., or the teachers, or the friends we have made, or the problems we have studied and solved. Indeed we would wish, to the Senior Class to come, all the knowledge we have gained and the fun we have had, to be theirs to experience in full as it was ours. And to our wonderful adviser, Miss Margaret Russell, we owe thanks for making our years here as happy as they are.

SOPHOMORES

The Sophomores started the school year right. They made a big mess of the Freshies with the help of some gooey starch, cold cream, cockle burrs, perfumee, flour, and food coloring. The initiation ceremonies ended in the traditional ceremonies on the athletic field where the Sophs again took the lead in the sack and rope fights.

The Sophomores compensated for their initial cruelty by being very sweet to the Frosh at the Freshman Reception and Dance.

With the thought in mind that they have just two more years in B. U. H. S., they plan to make each coming year even more eventful and successful than the ones that have gone before.

FRESHMEN

The early days of September saw the Freshmen class begin its climb toward the top of the long educational ladder. These days have brought many memories that they will never forget. In quick succession came initiation, the brawl, and many enjoyable parties.

Now the Freshmen are a year older, and, of course, a year wiser. They will never forget the year 1945-46.

HOME ECONOMICS CLUB

The Future Homemakers of America is a nation-wide organization. The B. U. H. S. chapter is comprised of 36 girls, most of whom are majoring in Home Economics, and the club is well advised by Mrs. Audine McLaren. The aim of the club is shown in its motto: "Toward New Horizons."

The F. H. A. has sponsored several dinners and dances, all of which have been very successful.

G. A. A.

G. A. A. after-school sports started with a spirited baseball season this year. After a few weeks of practice came the interclass playoffs, which ended up with the Seniors as victors. Later the Seniors challenger the women faculty to an exciting game, again finding the Senior girls undefeated.

Net sports were next in line for a short period of time. These were continued later in the spring.

An ideal spirit of sportsmanship was shown by the girls in their many events.
